

# *Invest* in education that *transforms* lives

## About Us

Tecnológico de Monterrey Foundation is a nonprofit organization, a 501 (c) (3), founded in 2007.

It is organized to support Tecnológico de Monterrey and its programs and potentially other foreign or domestic centers, providing and sponsoring education at all levels in all manners with particular emphasis on Hispanic communities in North America and around the world.

## Give now!

If you are interested in making a planned gift, a wire transfer, or a stock donation, kindly contact [giving@tecde monterreyfoundation.org](mailto:giving@tecde monterreyfoundation.org). We offer naming opportunities as well; contact us for more information.

Tecnológico de Monterrey Foundation Federal Tax ID is 26-1857750.

Donations to Tecnológico de Monterrey Foundation are tax deductible in compliance with IRS guidelines.

## Philanthropic Strategies

The Tecnológico de Monterrey, founded in 1943, is a private, non-profit institution committed to the quality of higher education in Mexico. The Foundation is organized to support these strategic pillars:

### Education and Social Mobility

Education is the key to solving most of the problems in the world. Please help us give those in need an opportunity to achieve their dream of a higher education and support Líderes del Mañana, a scholarship program of Tecnológico de Monterrey that promotes inclusion and social mobility of talented Mexican students across the country. Also, you can help us to connect top-notch faculty across the world with students and inspire them with the best talent so they can become positive change-makers for their community.

### Research, Innovation and Entrepreneurship

You can make significant impact globally by supporting research and innovative solutions through an ecosystem of entrepreneurship. Discover more about Tec's Conscious Enterprises Center, Institute for the Future of Education and oriGen, among other impactful projects.

### Facilities and Community

The aspiration to be a more conscious and balanced community is possible if you contribute and support the seven dimensions of well-being: physical, intellectual, emotional, spiritual, occupational, social, and financial. Help save our world.
